Charges Included: A.) annual mortality and expense risk charge 1.35%, B.) quarterly maintenance fee \$10.00, C.) All underlying investment options charges and expenses.

****Non-Standardized Returns** are similar to standardized hypothetical performance, with one major difference – the \$40 annual fee is not deducted from the performance.

Visit our website at www.srlivewell.com to obtain current month-end performance figures. The performance data quoted represents past performance. Past performance is no guarantee of future results. Current performance may be higher or lower than the performance quoted. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. You should consider the investment objectives, risks, charges and expenses of the variable annuity and its underlying investment options carefully before investing. The prospectus and/or summary prospectus contains this and other information. You may contact your financial professional or call 866.747.3421 to obtain a current prospectus for the variable annuity and its underlying investment options. Please read it carefully.
