LiveWell® Variable Annuity

Issued by Midland National® Life Insurance Company

Investment-focused. Tax-deferred. Legacy planning.

NOT FDIC/NCUA INSURED, MAY LOSE VALUE INCLUDING LOSS OF PRINCIPAL, NO BANK/CU GUARANTEE, NOT A DEPOSIT, NOT INSURED BY ANY FEDERAL GOVERNMENT AGENCY.

A retirement solution created just for you

The LiveWell® Variable Annuity provides you with:

- ✓ **Tax-deferred growth potential:** You owe zero taxes on your investment gains until you begin withdrawing from the annuity
 - ✓ **Convenient investing:** With 140+ investment options from 25+ of the country's most popular money managers in one investment platform¹
 - ✓ **Competitive fees:** No charge to reallocate or rebalance assets²; no front-end charges; no charge for required minimum distributions (RMDs)
 - ✓ **Option to reduce fees:** LiveWell® Value Endorsement offers reduced fees in exchange for a surrender charge schedule for 5 or 7 years³
 - ✓ **Three legacy planning options:** Your choice of an Account Value Death Benefit, Return of Premium Death Benefit, or the Enhanced Death Benefit
-

What are variable annuities?

Variable annuities are tax-deferred investments. They are “variable” because they fluctuate in value based on the underlying investment options chosen by you and your financial professional. Because they fluctuate in value, they are best suited for long-term investors.

Variable annuities allow you to invest with many different money managers and investment options rather than working with each on an individual basis—potentially saving you both time and money.

Customize your retirement

Your specific retirement needs and long-term investment goals likely vary from others, so a “one-size-fits-all” approach is generally ineffective when planning for retirement.

The individuality of retirement planning has been the guiding principle of the LiveWell® Variable Annuity issued by Midland National® Life Insurance Company.

In an era of customization—that ranges from your daily vitamins to your grocery delivery services—you can customize just about anything these days. Why should your retirement plan be any different?

3 simple, straightforward choices

Establishing a solid retirement plan shouldn't require managing multiple accounts or understanding complex investment strategies ... with the LiveWell Variable Annuity, it's as easy as 1-2-3.

- 1 **Select your investment time frame and liquidity needs**
- 2 **Select your death benefit**
- 3 **Select your investment options**

¹ Number of funds, investment options, and associated fees are as of 03/31/2025. Standard variable annuity investment option fees, ranging from 0.52%-2.29% net, also apply.

² Excessive trading policy: more than one “round trip” involving the same investment option within a 60-calendar-day period is considered excessive trading. Please see the LiveWell® Variable Annuity prospectus for complete details. We reserve the right to charge \$15 per transfer in excess of 15 per contract year.

³ Availability may vary by financial institution. Please confirm availability with your financial professional.

1 Select your investment timeline and liquidity needs

Variable annuities can be a great option for long-term investing. If you don't intend on withdrawing from your annuity for at least five years, electing one of the LiveWell Value Endorsement options can help **you reduce fees for the life of the contract** in exchange for a 5- or 7-year surrender schedule.

The LiveWell Value Endorsement lowers your annual fee.

Talk with your financial professional about your liquidity needs and investment time frame to select the option that best fits your long-term retirement goals. Your fee structure will depend on the surrender period and death benefit option you choose.

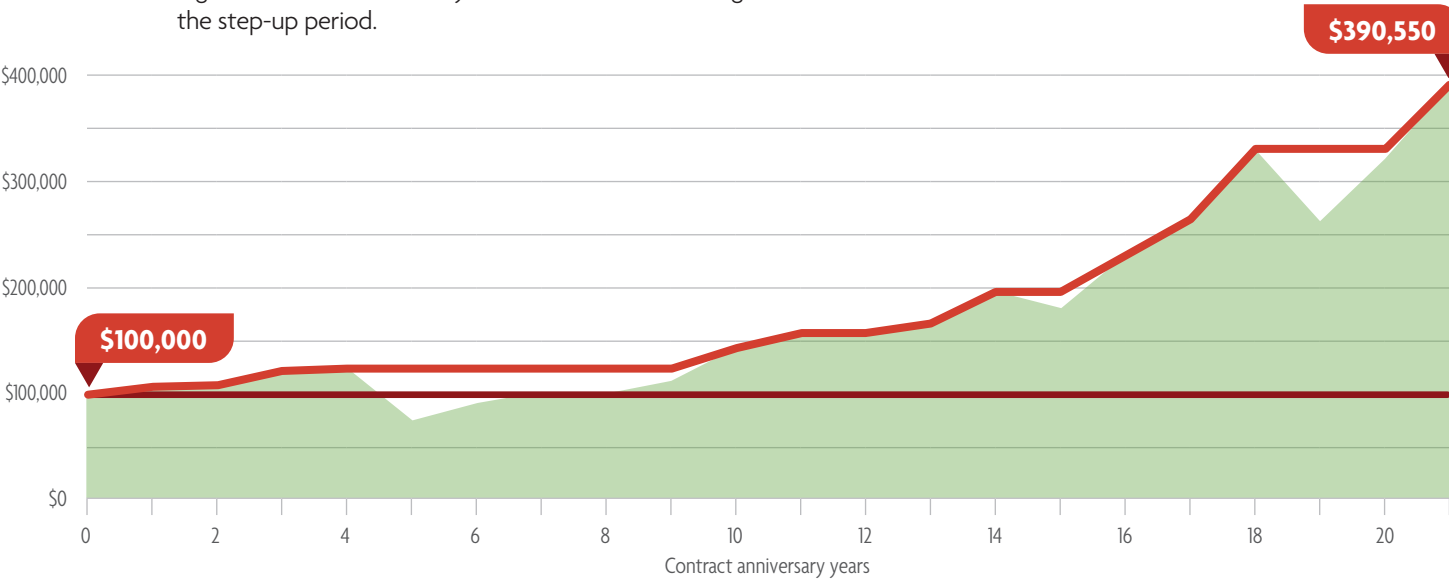

2 Select your death benefit

You've worked hard to get to where you are today, and you may want to leave something behind to the people or organizations that mean the most to you, whether it be church, charity, or children. There are three death benefit options to choose from.

- **Accumulation Value Death Benefit (AV DB)** is equal to the accumulation value.
- **Return of Premium Death Benefit (ROP DB)** ensures your beneficiary receives your premiums paid adjusted for any withdrawals and is the greater of the accumulation value or return of premium.
- **Enhanced Death Benefit (Enhanced DB)¹** allows you to potentially "lock in" investment gains by providing the opportunity for the death benefit value to step up to the highest contract anniversary accumulation value during the step-up period.

Charges listed below combine M&E and Death Benefit rider charges (fund fees are separate):

	AV DB	ROP DB	Enhanced DB
Liquid c-share	Issue Age: 0-90 Charge: 1.10%	Issue Age: 0-90 Charge: 1.35%	Issue age: 0-80 Charge: 1.65%
5-year Value Endorsement	Issue age: 0-85 Charge: 1.00%	Issue age: 0-85 Charge: 1.25%	Issue age: 0-80 Charge: 1.55%
7-year Value Endorsement	Issue age: 0-85 Charge: 0.90%	Issue age: 0-85 Charge: 1.15%	Issue age: 0-80 Charge: 1.45%

The examples are not representative of any particular investment and assume no additional purchases or withdrawals.

Without the LiveWell Value Endorsement, there are no surrender charges. Additionally, if the Accumulation Value Death Benefit option is chosen, the LiveWell Variable Annuity is simply an **investment-focused variable annuity**.

¹ Not available in all states or financial institutions. Return of Premium and Enhanced Death Benefit are available for an additional charge in addition to the ongoing fees and expenses of the variable annuity. Once elected, the benefit cannot be canceled or changed. Enhanced Death Benefit annual step-up occurs each contract anniversary and will cease after the oldest owner's 85th birthday or upon death of the owner, whichever occurs first. The step-up still occurs if partial withdrawals are taken and premiums are added, but both may impact the Enhanced Death Benefit value. Death benefit paid is the greater of the Accumulation Value, Return of Premium, or the Enhanced Death Benefit value. Please see the prospectus for additional information.

3 Select your investment options

The LiveWell Variable Annuity is a one-stop solution with a wide array of investment options from which to choose. You can allocate your money among the 140+ investment options and 25+ of the nation's most respected money managers.¹

While more choice is generally a good thing, too many choices can be overwhelming. This is where the LiveWell® Models powered by Morningstar Investment Management LLC can help. There are five LiveWell Models ranging from conservative growth to aggressive growth that use well-established funds to help you grow your retirement savings. (See pg. 10 for more information.)

Investment flexibility gives you greater control

When it comes to your retirement savings, keeping investment costs low is important. The LiveWell Variable Annuity is competitively priced and offers investment flexibility that gives you greater control.

You're never locked into an investment strategy because there are no transfer charges or tax consequences to worry about.

In fact, there are:

- ✓ **No** front-end charges
- ✓ **No** charge to reallocate or rebalance your investment options²
- ✓ **No** charge for systematic withdrawals
- ✓ **No** charge for automatic required minimum distributions (RMDs)
- ✓ **No** charge for dollar cost averaging or automatic rebalancing³

Plus, the LiveWell Variable Annuity provides objective investing and unbiased choices with third-party asset allocation, third-party fund selection, and zero proprietary funds.

**More than 140 investment options from
25+ of the nation's most respected
money managers.**

³ Dollar cost averaging and automatic rebalancing are not available together. Dollar cost averaging does not ensure a profit or protect against loss in a declining market. Such a plan involves continuous investment in securities regardless of fluctuating price levels of such securities. Investors should consider their financial ability to continue purchases through periods of low price levels.

Please see the LiveWell® Variable Annuity prospectus for complete details. We reserve the right to charge \$15 per transfer in excess of 15 per contract year.

⁴ For policies less than \$50,000, the current quarterly maintenance fee is \$10 per quarter. The guaranteed maximum maintenance fee is \$15 per quarter.

⁵ Surrender charges are assessed on amounts withdrawn in excess of the free withdrawal amount and are based on the number of years since each premium payment.

⁶ The free withdrawal amount is available for withdrawal without a surrender charge. The amount is calculated at the beginning of each policy year. It is noncumulative. While you always have access to your money, for withdrawals taken in excess of this amount, a surrender charge will apply. Remaining premium is the sum of the premium deposits made less the partial withdrawal taken.

⁷ The death benefit is based on the greater of net premium (total premiums received reduced on a pro-rata basis for partial withdrawals) or the accumulation value, which is equal to the sum of the amounts in the investment options. The death benefit amount may be reduced for withdrawals and premium taxes at death as required by state law. A contract must be in force to garner a return of premium death benefit. Please see the prospectus for details and state-specific information.

⁸ Not available in all states or financial institutions. The issue age is 0-80 (based on the oldest owner). The Return of Premium and Enhanced Death Benefit are available for an additional charge in addition to the ongoing fees and expenses of the variable annuity. Once elected, the benefit cannot be canceled or changed. The Enhanced Death Benefit annual step-up occurs each contract anniversary and will cease after the oldest owner's 85th birthday or upon death of the owner, whichever occurs first. Please see the prospectus for additional information.

⁹ Separate account annual expenses include mortality and expense (M&E) and asset-based administrative charges.

Variable annuities are designed for long-term investing, such as retirement investing and are subject to market risk including loss of principal.

Investing in variable annuities involves risk, including potential loss of investment. You should consider the investment objectives, risks, charges, and expenses of the variable annuity and its underlying investment options carefully before investing. The prospectus and/or summary prospectus contain this and other information. You may contact your financial professional, visit srslivewell.com/prospectus, or call 866-747-3421 to obtain a current prospectus for the variable annuity and its underlying investment options. Please read it carefully before investing.

The LiveWell® suite of variable annuities (AS135A, ICC11-AS135A, AS153A, ICC18-AS153A (contract) and AR276A, ICC14-AR276A, AR346A, ICC16-AR346A, AR381A, ICC20-AR381A (riders and endorsements) is issued by Midland National® Life Insurance Company, West Des Moines, Iowa 50266. The LiveWell® suite of variable annuities is not available in New York. Variable products are distributed by Sammons Financial Network, LLC., member FINRA. Sammons Financial Network, LLC. and Sammons Institutional Group, Inc. are affiliated companies and wholly owned subsidiaries of Sammons Financial Group, Inc. Sammons Retirement Solutions is a division of Sammons Institutional Group, Inc.

Product and feature availability may vary by state and financial institution. Guarantees are backed by the claims-paying ability of Midland National® Life Insurance Company and do not apply to the investment performance of the variable subaccounts, which fluctuate with market conditions.

This brochure is neither an offer to sell nor a solicitation to buy. Before purchasing this product, you must receive a current variable annuity prospectus that includes information regarding risk factors, fees, expenses, investment objectives, and policies. Read the prospectus carefully before you invest any money. No variable product offers any guaranteed rate of return.

The tax-deferred feature of the annuity is not necessary for a tax-qualified plan. Before purchasing this product, you should obtain competent tax advice as to the tax treatment of the annuity and the suitability of the purchase. Under current law, annuities grow tax-deferred. Annuities may be subject to taxation during the income or withdrawal phase. There is no additional tax benefit to investing in a variable annuity within a tax-qualified account (such as an IRA).

Sammons Institutional Group®, Inc., Sammons Financial Network®, LLC., and Midland National® Life Insurance Company do not give tax, legal, or investment advice. Please consult with and rely on your own tax, legal, or investment professional(s). Taxes are payable upon withdrawal of funds, and a 10% IRS penalty may apply to withdrawals prior to age 59½.

This contract, and any of its riders, are not designed for resale or speculation, arbitrage, viatical settlements or any type of collective investment scheme.
