Not all products are available in all broker/dealers. Please verify product availability with your firm.

IMPORTANT: Not all products, index options, or surrender charge periods are approved in all states. Please review the state availability chart for state variations by product, index, and term. Refer to the product-specific brochure and disclosure for further details on benefits and limitations.

Fixed index annuities are not a direct investment in the stock market. They are long-term insurance products with guarantees backed by the issuing company. They provide the potential for interest to be credited based in part on the performance of specific indices, without the risk of loss of premium due to market downturns or fluctuation. Although fixed index annuities guarantee no loss of premium due to market downturns, deductions from the accumulation value for optional benefit riders or strategy fees or charges associated with allocations to enhanced crediting methods could exceed interest credited to the accumulation value, which would result in loss of premium. They may not be appropriate for all clients. Interest credits to a fixed index annuity will not mirror the actual performance of the relevant index.

A surrender during the surrender charge period could result in a loss of premium. Surrender charge structure may vary by state.

On multi-year guaranteed annuities (MYGAs): A surrender during the surrender charge period could result in a loss of premium. The surrender charge and market value adjustment may reset with renewal. Surrender charge structures and guarantee periods may vary by state.

Under current law, annuities grow tax deferred. An annuity is not required for tax deferral in qualified plans. Annuities may be subject to taxation during the income or withdrawal phase. Please note that neither Sammons Institutional Group®, Inc., Midland National® Life Insurance Company, Midland Retirement Distributors® (a division of Sammons Institutional Group), nor any agents acting on its behalf, should be viewed as providing legal, tax or investment advice. Your client should be advised to rely on their own qualified professional.

Withdrawals taken prior to age 59½ may be subject to IRS penalties.

All guarantees are backed by the financial strength and claims-paying ability of Midland National® Life Insurance Company.
